# Kirsty Bromley (UK)

## Liz Frencham

**Kirsty Bromley** is a young contemporary UK folk singer who draws upon a wide range of traditional music. She has a most disarmingly transparent voice, but also the uncanny and beautiful knack of drawing attention to the song rather than the messenger, by the manner in which she employs it.

**Liz Frencham** - Performing with Kirsty on this occasion will be the delightful & immensely talented Liz Frencham. Liz is a stunning performer in her own right. A luminous presence, armed with a double-bass and a smile, oozing cheeky Rickie Lee spontaneity and Joni-style honesty, wrapped in gentle Norah Jones soul.
