

You are invited to an intimate evening  
with the up and coming young Australian  
singer/songwriter from Central West NSW

# Renny M

Renny combines her unique vocals with painstakingly honest lyrics and unforgettable melody lines. With heart felt lyrics akin to the music by Australia's own Missy Higgins and Angus & Julia Stone, her universal songs reflect her big heart, and what can happen following the occasional break up.

*"Renny M's songs emanate an emotion that will either bring back hidden memories or make you relate more deeply to the songs themselves and, of course, they are exquisitely played."*
