

An evening with two remarkable young lads from Toowoomba . . .

The Beamish Boys are two brothers from Toowoomba whose passion for music has taken them from jamming in their garage, to working with artists and labels from around the globe. Jeremy (19) and Ben (21) combine an authentic blend of two brothers harmonising with fresh songwriting ideas to craft their own signature style, sitting harmoniously between the worlds of folk, soul and pop.

In 2017 Ben and Jeremy took their music on a three-month tour of Spain and the US, performing their original songs to an ever-growing fanbase.
