

You are invited to an intimate afternoon with ...

# Totally Gourdgeous

I'm really excited about this concert because each of the four members is a folk 'star' in their own right. Totally Gourdgeous is quite properly regarded as an Australian folk 'supergroup'!

Penelope Swales (guitar), Carl Pannuzzo (drums), Mal Webb (bass, mbira and bugle) and Andrew Clermont (violin, mandolin and guitar) sing songs written by themselves and a few dear friends. Imagine Joni Mitchell and James Brown getting down in Bob Marley's pumpkin patch via the Muppets. Infectious eclectic beauty in the gourdiest of costumes.
