

You are invited to experience the jaw-dropping virtuosity of . . .

Joe Filisko

Based in Chicago, renowned roots and blues artists Joe Filisko and Eric Noden make an unforgettable impression.

Their jaw-dropping virtuosity enables them to create more layers of sound and feeling than most full bands can summon, and both are high-energy, ultra-rhythmic performers. The collective result - in both their live shows and their recordings - are charged, dramatic performances that are simultaneously powerful and sophisticatedly subtle.

Their material draws on 1920's-40's American styles of blues, folk and ragtime. Their high energy performances continue to captivate audiences at major festivals in the US & Europe.

Joe Filisko and Eric Noden's 2015 world tour dates include Australia, Germany, France, the US & more.
