

An exciting double bill . . .

Dapper's Delight

Dapper's Delight is the combination of classically trained recorder player Susanna Borsch & the recorder maker & concertina player Adrian Brown.

With their unusual & somewhat anachronistic instrumentation, the duo has found friends & admirers from both the folk and early-music worlds performing in the UK, The Netherlands, Belgium, Germany, Austria, Norway, Portugal & Canada.

Chasing the moon

Chasing the Moon brings alive the exuberant & romantic sounds of Gypsy Jazz in the tradition of Django Reinhardt & Stephane Grappelli. A mouth-watering mix of hot club & the blues, a dash of folk, lashings of swing, flirting with Latin rhythms & modern elements too.

The band has wowed audiences around Australia & has twice won the People's Choice Award at Moruya Jazz festival.
